Toy Chest Etui - a miniature Pennsylvania German painted chest holding stitching tools disguised as old-fashioned toys. The tools are a thimble keep, waxer box, button box, pin cushion, scissor fob, scissor case and needlebook. Embellished with ribbon, beads, buttons, cords and tassels. Kit includes waxer, 'preemie' embroidery scissors, drum sticks, and turned wooden handle. Stitches include cross, backstitch, satin, fly, herringbone, straight and bullion. Complete kit - \$175.
Teaching time - two days / 12 hours with a small amount of pre-stitching.

This One's for Betty - An etui inspired by 17th Century spot motif samplers and named for Betty Flemming. This etui has an unusual construction - it and two of the smalls look like 'biscornus' but aren't. Worked on Barn Owl hand-dyed linen with stitches common to spot motif samplers. Smalls are pin cushion, button pocket, thimble sweet bag, waxer box, needlebook and scissor fob. Embellishments include cord, tassels ribbon and beads.
Kit fee - \$160.
Teaching time - 1 days / 6 hrs.
